

Streamlining Your Supply Chain:

The Vector Client Portal Advantage

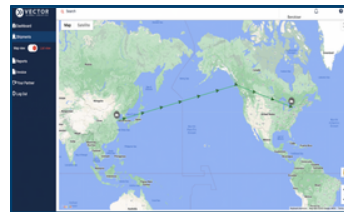

Elevate Your Logistics Experience with Visibility, Transparency, and Impact

Do you wish you had more control over your supply chain? Our state-of-the-art Client Portal, an extension of Logiware, goes beyond meeting your needs. It empowers you to lead in logistics with unmatched visibility, efficiency, and global impact.

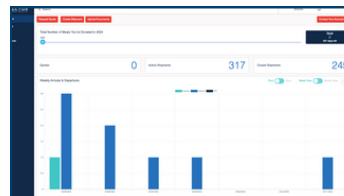

Real-Time Visibility:

Track your shipments with complete transparency, from container details to arrival times, plus manage everything from any device.

One-Stop Shop Account Management:

Request quotes, create shipments, and upload documents to simplify your logistics workflow.

Impactful Reporting:

Track your positive contributions to global welfare through real-time data.

Activate your Client Portal access today and unlock the power of streamlined shipping.
