Next Steps

Challenges in the Wine Industry

Temperature Extremes

Wines face damaging conditions from -21°C to 65°C in transit.

Quality Risks

Re-fermentation, oxidation, and cork displacement threaten product integrity.

Heat Damage

Flavor, aroma, and packaging suffer from improper temperature control.

Visibility Gaps

Traditional shipping creates delays and tracking blind spots.

We simplify your logistics
so you can focus on
growing your wine
business.

The industry is complicated, but your relationship with us doesn't have to be.

We apply an entrepreneurial mindset, out-of-the-box thinking, and a relentless focus on customer service to refining the supply chain process.

Sustainable Solutions are a Priority

Did you know?

Packaging and transport generate 40% of a wine bottle's carbon footprint.

Climate change is shifting grape harvests by 2–3 weeks—impacting the entire supply chain.

Earlier harvests mean tighter timelines and higher heat risks—smart logistics matter more than ever.

We are pleased to offer you a carbon offset programme to support your sustainability goals.

Did you know?

Vector is a **B Corp Certified** since March 2024, which means we meet high standards of **social and environmental impact**.

Wine Export: Chile to China

Origen: Valle del Maule, Curicó, Chile

What Clients Are Saying

“Vector is the best in the business, and we wouldn’t be as successful as we are without them. They are a **respectful, hardworking, efficient group that not only takes care of us, but takes care of our customers**—and that goes a long way.” - Aerospace industry client, US

“Vector is very professional, always a pleasure to work with, always **quick to respond, and willing to help out in any way.**” - Energy industry client, Mexico

“Vector is **the kind of partnership we look for.** It’s been a great relationship, and we also value and appreciate their philanthropic spirit. They are premier shippers. - Non-profit client, US

“Vector is always there at the right time with speed, determination, know-how, great customer service, and above all, **real-time route information.** From now on, we want all of our containers sent via Vector Global Logistics.” - Auto industry client, US

You can also feel good knowing when you work with us, you are making a difference.

For every container we move, a portion of the proceeds goes back to helping those in need. These are just three of the non-profits chosen by our team.

Vector US partners with **SERV**, which builds connections with communities in Kenya and the Dominican Republic by serving nutrient-rich meals to millions of people.

Vector Mexico partners with **Imagina**, which aims to respond to the problems experienced by families with a child with cancer in Mexico.

Vector Chile partners with **Coanil**, a national foundation that promotes the development and inclusion of children with special needs.
